DETAILED ACTION

Response to Amendment

Amendment filed 6/5/06 has been entered and considered by the Examiner. Claim 25 has been added. Currently, claims 1-25 are pending in the instant application.

Allowable Subject Matter

Claims 1-25 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 9, the reference of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claims 1, 9, and 17, and specifically comprising the limitation of an OLED with at least one active light emitting organic layer which has refractive index inhomogeneities, wherein the organic layer has at least one first partial region with a first refractive index and a plurality of second partial regions with a second refractive index which is different from the first refractive index, the second partial regions forming irregularly arranged refractive index inhomogeneities in the organic layer, in combination with the remaining limitations of the respective claims.

Claims 2-8 and 10-16 are allowable for the reasons given in claims 1 and 9 due to their dependency status from claims 1 and 9.

Art Unit: 2879

Regarding claim 17, the reference of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 17, and specifically comprising the limitation of an OLED with at least one active light emitting organic layer which has refractive index inhomogeneities, wherein the organic layer has at least one first partial region with a first refractive index and a plurality of second partial regions with a second refractive index which is different from the first refractive index, the second partial regions having different sizes and forming refractive index inhomogeneities in the organic layer.

Claims 18-25 are allowable for the reasons given in claim 17 due to their dependency status from claim 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
